The person in 2BR is once again causing commotion. He has slammed his door repeatedly, started hammering, and he is running some machine in there that is making my walls vibrate. He did it last night and it was still going when I woke up this morning. To be honest, I can't tell if it's music or a machine but it's disturbing nonetheless.

I am wondering if he smokes in his bathroom and it comes up through the pipes? I smelled it in my bathroom this morning and as well just now.
