Looks like the police came. Hopefully there is no retaliation from ZBR and we can get through this heat wave without more of his nonsense.

The person in ZBR is once again causing commotion. He has slammed his door repeatedly, started hammering, and he is running some machine in there that is making my walls vibrate. He did it last night and it was still going when I woke up this morning. To be honest, I can't tell if it's music or a machine but it's disturbing nonetheless.
